

ICEV Update

May 12, 2006

- By the Grace of Almighty Allah, we have successfully negotiated a contract to continue construction of the Masjid Building. As many of you know we were having difficulty with our previous contractor and found them in default. This put a significant delay to the construction activities; however, we have recently re-advertised the project and received three bids for the work. After careful evaluation of the bids, we have selected The Pillars Group to be our new contractor. A contract has been finalized with this company. We expect them to begin working at the site within a couple of weeks. If you want to know more about the contractor selection please contact our architect, brother Afzal Ebrahim or our project manager, brother Arif Kazmi.
- Volunteer work for the maintenance of the Masjid site is continuing. Recent work by this group included fixing the sprinkler system for the trees and cleaning the immediate areas around the trees. More work is obviously needed. Please contact one of the board members if you want to reap the benefit of doing this charitable work. You may also contact brother Jalal Ahmad who is organizing this effort. You can get more information about this activity by coming to the Sunday School at the LTC church.
- The Islamic School is planning on having their final exam on the May 14th. Please make sure that your child is in attendance for the finals. The school is also planning on a graduation ceremony on the 21st of May. Please contact the school principal at hug3@aol.com for additional details.
- If you have any question or comment, please contact zchowdhury@cox.net .
