

ICEV Update

May 16, 2009

- **Construction Progress:** Construction work is proceeding in full swing at the site. As of yesterday, wooden trusses for the main prayer hall roof have been hoisted. At this rate of construction, it is expected the construction will be completed to a level for requesting temporary occupancy by the upcoming Ramadan. See recent photos from the site below:
- **Funding Situation:** The contractor has been paid for his first invoice of \$37,000. The second invoice in the amount of \$66,000 is already received. Two more invoices in the amount of approximately \$100,000 each are expected in the next month or so. We currently do not have enough balance to pay these invoices and are urgently requesting all members of the community to ***generously donate and hurry up to fulfill the pledges*** they made so that the construction work can smoothly proceed.
- **Fund Raising Meeting:** A fund raising meeting is organized for this Sunday (May 19th) evening at the HTC Community Hall. Please contact brother Masood Kisana for additional details.
- **Sunday School Update:** Sunday school will held their final exam and graduation ceremony on this Sunday (May 19th). All parents are invited to attend the event.
