2. Eligible Huffadh not leading Taraweeh (under 21 yrs of age) can only participate in the category G regardless of age. Huffaz who lead less than 15 juz in Taraweeh are considered 'not leading Taraweeh'.
3. Age based Category (A to F) is allowed for participation only for non-Huffaz
4. Non-huffaz are allowed to choose a higher category from their age but not lower.
5. Children from all Masajids can participate as long as they meet the competition rules criteria.
6. Children cannot participate in more than one category.
7. Tajweed rules will be judged by 'Hafz' Qira'at. If any child is following other Qira'at, inform the judges before recitation.
8. If a child has not memorized his/her assigned part of the surah, he/she can recite from the beginning of surah but 50% of Hifdh points will be deducted.
9. If the student makes a mistake in memorization and corrects himself/herself without being alerted by the judge, it will not count as a mistake.
10. If the student makes a mistake in memorization or tajweed and corrects himself after being alerted by the judge, it will be counted as a one point deduction.
11. If the student makes a mistake in memorization or tajweed and is not able to correct himself after being alerted by the judge, it will be counted as a two point deduction.
12. Replacing a harakah with another is counted as a mistake in memorization.
13. Substituting a letter for another such that it changes the meaning of the word is counted as a memorization mistake (e.g.: ت for ط or ظ for ض), unless there is a natural excuse.
14. Elongating a harakah such that it sounds like a 'madd' letter, or making a 'madd' so short that it sounds like a harakah are considered tajweed mistakes.
15. Omitting a shaddah will be counted as a mistake in memorization.
16. All judges will independently score each participant and a total of all their scores will be used to rank the participants. All judges' scores will be equal weight, and their scores will be final. Administration or any Masjid Official can not change the scores after the fact.
17. If there is a tie at one of the winning positions, judges may ask the tied candidates to recite again from a different part of their surah, at the end of the category, to break the tie. Participants are required to stay in the room till the category is complete. If a participant is required to recite again to break the tie, but he or she is not available at the call, he/she will lose the chance to win the prize.

C. Tajweed Guidelines for participants:

Group A and B:

- Only 'madd wajib' (muttasil, lazim) and 'al-ghunnah' for the letters 'noon' and 'meem' which have a shahddah will be graded for tajweed in this group (the rest of the tajweed rules will not be considered for grading).
- The judge will give a grade between 80-100% for the makharij category according to the overall performance of the participant's makharij.
- Sifat al-Huroof (e.g., hams, itbak) will not be graded except for al-qalqalah.
- Grading in this group will be focused primarily on correct reading and performance.

Group C and D :

- All tajweed rules will be assessed in this level, except the complicated rules for the letter "raa", or complicated 'tafkheem' and 'tarqeeq' rules which are difficult for most students to pronounce correctly; so they will be overlooked.

Groups E, F and G

- All rules will be required at this level.

Note: Rules may be changed/updated during the admission process. Please check one week before the competition for final rules and guidelines.
